SATHISH KUMAR .S

Madurai, Tamil Nadu, India | 9003753736 | vjsathish1906@gmail.com | linkedin.com/in/sathishkumar-s-3019b7404

PROFESSIONAL SUMMARY

MCA candidate with a B.Sc. in Information Technology and hands-on academic project experience building web applications with the MERN stack. Skilled in JavaScript, React, Node.js, Express.js, MongoDB, HTML, and CSS, with additional experience in MySQL and SQL. Interested in developing responsive, data-driven applications and contributing to a software development team.

EDUCATION

Master of Computer Applications | Mepco Schlenk Engineering College, Sivakasi, Tamil Nadu | 2025 - 2027 | CGPA: 7.4

Bachelor of Science in Information Technology | NMS SVN College, Madurai, Tamil Nadu | 2022 - 2025 | 79%

Higher Secondary Certificate | Thiagarajar Model Higher Secondary School, Madurai | 2020 - 2022 | 72%

Secondary School Leaving Certificate | Thiagarajar Model Higher Secondary School, Madurai | 2019 - 2020 | 66%

TECHNICAL SKILLS

Web Technologies : JavaScript, React, HTML, CSS

MERN Stack : MongoDB, Express.js, React, Node.js | Databases: MongoDB, MySQL

Software : SDLC, data analysis, report generation

Professional Skills : Problem solving, technical communication, collaboration

PROJECTS

Warehouse Inventory Stock Management System | React, JavaScript, MySQL

- Created an inventory tracking application to monitor stock movement and support warehouse operations.
- Organized items into groups and maintained stock adjustment records using relational database constraints.
- Added reorder alert logic to help identify low-stock items and support inventory planning.

Furniture Shop Management System | MongoDB, Express.js, React, Node.js

- Built a MERN stack application concept for managing furniture catalog data, inventory, customer orders, and sales records.
- Developed React interfaces for product and order workflows, with Express and Node.js APIs connected to MongoDB.

Hostel Management System | html,Css ,Mysql , php

- Designed a hostel management application to organize student records, room allocations, and fee tracking.
- Structured REST API workflows with Express and Node.js, React screens for administration, and MongoDB data storage.

CERTIFICATIONS AND ACHIEVEMENTS

- Data visualization using Power BI workshop
- Magic Bus soft skills training certification
